Journal of Hydrocephalus
Journal of Hydrocephalus

Journal of Hydrocephalus is an official publication of the World Academy of Hydrocephalus [WAH] and the Japanese Society of Hydrocephalus and Cerebrospinal Fluid (CSF) Disorder [JSHCSF], supported by the international Federation of Neuroendoscopy [IFNE] and African Federation of Neurosurgical Societies [AFNS] primarily covering hydrocephalus research, but also including articles in related fields such as neuroendoscopy/operative technique/technology/instrumentation, neurophysiology/basic neuroscience, ethico-social medicine, neurology, pediatric neurology and international regional medical activities. Original manuscripts are given priority for publication, although individual case reports, technical notes, special events, and programs/abstracts of the related scientific meetings will be accepted. A given issue may contain a special review article by an authority in the field, assigned and submitted critiques of current and previously published papers.
